Reports & Analytics	Redirects to reports & analytics.
Log Out	Securely sign out of your account.

Admin Dashboard

Provides a management system for users, training sessions, courses and departments.

Organised into five separate sections:

- Overview
- Users
- Sessions
- Courses
- Departments

Overview

Platform Overview

Displays key metrics:

- **Total Users** – Total number of registered users.
- **Active Sessions** – Number of currently scheduled training sessions.
- **Trainers** – Total number of trainer accounts.
- **Overall Attendance Rate** – Average attendance rate across all completed sessions.

Quick Actions

Provides shortcuts to common administrative tasks:

- **Create Session** – Schedule a new training session.
- **Add User** – Export attendance and platform usage data.

Upcoming Sessions

Displays upcoming training sessions, including:

- Session name
- Date
- Assigned trainer
- Delivery method
- Current capacity
- Session status

Use the View All button to access the full Sessions page.

Users

Allows administrators to manage platform users.

Features include:

- Search for users.
- View user details including:
 - Name
 - Email address
 - Department
 - Job title
 - Role
- Create new user accounts.
- Edit existing user information.
- Delete user accounts

Sessions

Allows administrators to manage scheduled training sessions.

Features include:

- Search for sessions.
- View session details including:
 - Session name
 - Date and time
 - Trainer
 - Location or delivery method
 - Capacity
 - Status
- Create new training sessions.
- Edit existing sessions.

Courses

Allows administrators to manage the training catalogue.

Features include:

- Search for courses.
- View course details including:
 - Course name
 - Description
 - Department
- Create new courses.
- Edit course information.
- Delete courses.

Departments

Allows administrators to manage departments.

Features include:

- Search for departments.
- View department details including:
 - Department name
 - Assigned manager
 - Number of members
- Create new departments.
- Edit department information.
- Delete departments.

Reports & Statistics

Provides detailed insights into relevant statistics.

Key Metrics

Displays a summary of important training statistics:

Sessions Delivered – Total number of completed training sessions.

Overall Attendance Rate – Percentage of learners who attended completed sessions.

No-Show Rate – Percentage of learners who attended completed sessions.

Bookings Placed – Total number of training bookings made.

Booking Completion Rate – Percentage of bookings that with successful attendance records.

Upcoming Bookings – Number of future bookings

Visual Breakdown

Provides graphs on training activity and trends.

Sessions by Month

Displays the number of training sessions delivered each month.

Sessions by Department

Shows the proportion of training sessions delivered across each department.

Attendance Trend

Displays changes in average attendance rates over time.

Delivery Type Split

Compares the number of online and face-to-face training sessions.

Attendance Analysis

Provides a detailed view of attendance outcomes.

Attendance Status by Month

Displays a monthly breakdown of attendance records by status:

- Attended
- Absent
- N/A

Overall Attendance Breakdown

Shows the overall proportion of attendance records classified as:

- Attended
- Absent

Booking Status Breakdown

Provides visibility into the status of all training bookings.

Status Funnel

Displays booking total and percentages by status:

- Completed
- Approved
- Pending Approval
- Cancelled
- Rejected

Booking Outcomes by Month

Shows booking trends over time, including:

- Approved bookings
- Cancelled bookings
- Completed bookings
- Rejected bookings

Top Rankings

Highlights highest-performers and activities.

Top Trainers

Displays trainers ranked by the number of sessions delivered.

Top Sessions

Displays training sessions ranked by total bookings.

Top Courses

Displays courses ranked by bookings and sessions delivered.

Top Participants

Displays learners ranked by training attendance

Department Performance

Displays attendance performance across departments.

Attendance Rate by Department

Provides a comparison of attendance rates for each department, helping identify trends and areas for improvement.

Download Data

Allows admins to export raw data for further analysis and reporting.

Available exports include:

Export Session Data – Download session-related data in CSV format.

Export User Data - Download user and attendance data in CSV format.

Account page

Displays your profile information, including your name, email address, department and role.

This is the page you land on after signing in. It's organised into four tabs, found below the navigation bar (or hero/banner section, if present).

1.My bookings

View the sessions you are currently booked onto along with their status.

2.Training history

Review the trainings that have been completed with your attendance status.

3.Notifications

All notifications are also sent by email.

Check updates related to your trainings, including:

- Booking confirmations
- Session updates

4.Settings

- **Personal details** - Update information such as department, email and phone number.
- **Accessibility** - Adjust settings to make Trainix easier to use.
- **Data & Privacy** - Manage your data and privacy preferences.

Home Page

The Home page is your starting point in Trainix.

Welcome banner – Introduces Trainix and explains what it offers

Browse Training button - Shortcut to the Training catalogue.

Info & Support button - Shortcut to the Info & support page.

“What We Offer” cards

Three summary cards which give quick access to key areas:

Card	Redirect to
View Training	Training Catalogue
Track Your Sessions	Account page
Get Help	Info & Support page

Training Catalogue

- Displays all available training sessions for you to browse.
- Select your desired training session and view its details.
- View Details button redirects to details relevant to the session and is the page where you can book a session.
- A request is sent to your manager once you have booked a session where it can be rejected or approved.
- Use the pagination controls to move between pages when there are multiple pages of results.

Footer

Appears at the bottom of every page.

- **About text** (bottom left) – Restates what Trainix is for
- **Navigation column** – Links to:
 - Home page
 - Training catalogue page
 - Info & support page
- **Support column** – Links to:
 - Info & Support page.
