Attendance Management	Redirects to attendance management page.
Log Out	Securely sign out of your account.

Attendance Management

This is the landing page once you sign in. The attendance management page allows trainers to record and manage attendance for their scheduled training sessions.

Dashboard Overview

The dashboard provides a summary of your training activity:

- **Assigned Sessions** – Total number of sessions assigned to you.
- **Sessions Today** – Number of sessions scheduled for the current day.
- **Total Attendees Upcoming** – Number of learners booked onto upcoming sessions.
- **Average Attendance Rate** – Percentage of learners who have attended completed sessions.

Upcoming Sessions

The Upcoming Sessions section displays training sessions that require attendance management.

For each session, trainers can:

- View session details, including date, time and delivery method.
- Expand the session to view booked attendees.
- Record learner attendance.
- Save attendance records.
- Book additional attendees onto the session.
- Cancel a session if required.
- Mark a session as complete when training has concluded.

Past Sessions

The Past Sessions section contains completed and cancelled sessions.

For each session, trainers can:

- Review attendance records.
- View attendance statistics.
- See the number of learners who attended.
- See the number of learners marked as DNA (Did Not attend).
- View the attendance rate for the session.
- Review cancelled sessions and their status.

Account page

Displays your profile information, including your name, email address, department and role.

It's organised into four tabs, found below the navigation bar (or hero/banner section, if present).

1.My bookings

View the sessions you are currently booked onto along with their status.

2.Training history

Review the trainings that have been completed with your attendance status.

3.Notifications

All notifications are also sent by email.

Check updates related to your trainings, including:

- Booking confirmations
- Session updates

4.Settings

- **Personal details** - Update information such as department, email and phone number.
- **Accessibility** - Adjust settings to make Trainix easier to use.
- **Data & Privacy** - Manage your data and privacy preferences.

Home Page

The Home page is your starting point in Trainix.

Welcome banner – Introduces Trainix and explains what it offers

Browse Training button - Shortcut to the Training catalogue.

Info & Support button - Shortcut to the Info & support page.

“What We Offer” cards

Three summary cards which give quick access to key areas:

Card	Redirect to
View Training	Training Catalogue
Track Your Sessions	Account page
Get Help	Info & Support page

Training Catalogue

- Displays all available training sessions for you to browse.
- Select your desired training session and view its details.
- View Details button redirects to details relevant to the session and is the page where you can book a session.
- A request is sent to your manager once you have booked a session where it can be rejected or approved.
- Use the pagination controls to move between pages when there are multiple pages of results.

Footer

Appears at the bottom of every page.

- **About text** (bottom left) – Restates what Trainix is for
- **Navigation column** – Links to:
 - Home page
 - Training catalogue page
 - Info & support page
- **Support column** – Links to:
 - Info & Support page.
